

# ICAC 2017

International Conference on Aerosol Cycle  
Sources – Aging – Sinks – Impacts

March 21-23, 2017  
Lilliad - University of Lille  
Villeneuve d'Ascq (France)

sponsored by:

Deadline for abstracts submission  
(contributed talks and posters)  
January 15th 2017

# 5 SESSIONS

with the following plenary speakers:

## Session 1 Observation

**Paolo LAJ**

Laboratoire de Glaciologie et Géophysique de l'Environnement (LGGE),  
Université Grenoble-Alpes, Grenoble, France

**Olga V. KALASHNIKOVA**

NASA Jet Propulsion Laboratory, California Institute of Technology,  
Pasadena, CA, United States of America

## Session 2 Modeling

**Markku KULMALA**

Division of Atmospheric Sciences at the Department of Physics,  
University of Helsinki, Finland

## Session 3 Physico-chemical properties

**Hartmut HERRMANN**

Atmospheric Chemistry Department, Leibniz Institute for Tropospheric  
Research (TROPOS), Leipzig, Germany

## Session 4 Reactivity of aerosols and their precursors

**Astrid KIENDLER-SCHARR**

Institute of Energy and Climate Research, IEK-8: Troposphere,  
Forschungszentrum Jülich, Germany

## Session 5 Climate and Impacts

**A. R. RAVISHANKARA**

Departments of Chemistry and Atmospheric Science, Colorado State  
University, CO, United States of America
